

**TODAY'S MARKET COMMENTARY**

DSEX, the benchmark index of DSE tumbled by 77.6 points or 1.07% from yesterday's peak and ended at 7,141 points as profit booking sell-offs across the sectors continued. Price correction of the heavyweight shares like BXPBARMA, GP, OLYMPIC, BATBC, SQRPHARMA dragged markets in the red. Coupled with that, the tussle between BB and BSEC over utilizing unclaimed dividends made investors perplexed, as a result, they favored selling shares to avoid further fall in share price after the media reported recent developments between the two vital regulators of the financial sector. Besides, the total turnover has advanced slightly by 2.79% and stood at BDT 20.97bn. On the sectoral front, financial institutions (14.71%), Textile (11.31%), and Engineering (10.81%) issues were in most demand today. Most of the sectors observed waning performance, out of which Jute (-4.4%), Ceramic (-2.8%), and Tannery (-2.4%) observed the most corrections while Paper (1.8%), Financial Institution (1.3%), and Life Insurance (0.9%) have exerted the positive returns on the bourse today. Out of the 376 issues traded, 52 advanced, 300 declined, and 24 remained unchanged. The port city bourse, CSE, also plummeted in red terrain. The selected indices (CSCX) and All Share Price Index (CASPI) declined by 101.5 points and 171.7 points respectively.
